

All songs written by Showstar. Recorded at Polysound Studio in Brussels and Fortress Studio in London. Recorded by Gareth Parton assisted by Stephan Debruyne (Brussels) and Ben "Thumbs Up!" Woods (London). Mixed and produced by Gareth Parton at Fortress London. Mastered by Shawn Joseph at Optimum Mastering in Bristol. All instruments played by Showstar except some synths and glocks played by Gareth Parton. Strings arrangements written by Andy Dragazis and played by Penny Marsden (violin), Kate Marsden (violin), Felix Tanner (viola) and Kate Mumford (cello).

Mad on your sister

I'm not sure to love how i'm living. Sense the fear of lips. Secret kissing. It's not the time for sweet hesitation. Don't push me too hard coz i'm falling. Stop your stupid game. I am leaving. Don't push me too far now i'm falling. Do you hear my call. I want to be alone. Mad on your sister. But i'd prefer to leave than kiss her again. I'm sure to love when i'm lying. I met her before we got together. Stop our foolish game. I am leaving. Don't try to follow me when i'm falling. Can you feel it now. I'm not yours any how. Mad on your sister. But i'd prefer to leave than kiss her again. Mad on your sister. I think i'll kill myself if i see her again.

Super lover

So come on. I don't know her name. Not such a shame. I've always trusted in fate. So hold on. You're not my mum. Let me go my way. I'm always lucky with games. She's a superlover and i want you to know her. It's a play. Hey hey. So tonight's not gonna change my mind. Just another try. Another roll of the dice. She's a superlover and i want you to know her. It's a play. Hey hey. She's a superlover and i want you to know her. It's a play. Hey hey.

Day by day

I just cannot prepare a single thing to wear. It takes me so much time to choose what will be mine. I just cannot be scared of the days i'll have to face. I don't know what i have to fear. I've been practising for years. Ooh Son. That's my story for so long. Ooh son. One of the best things i've ever the done. Day by day. I try to live this way. Seems unreal but this is something i got to feel. Day by day. I try to live this way. Seems unreal but i love you anyway. I love you anyway. I love you anyway.

Stereo songs

Nothing failed, always someway to get by. I remember well from those teenage times. Stereo songs. Where did it come from. Stereo Songs. It's all over now. Good old days are through. One last chance to stop people feeling blue. Stereo songs. What have we done. Stereo songs. It's taking me back to the place we first met. The sounds of the time, lp's and cassettes. Stereo songs. What have we done. Stereo songs.

Special gun

You say : i am the one. You just keep on hangin'on to your crown. You say : i am the sun. You just need someone to burn. So we run. You say : i am so strong. You just cheat as life goes on but you're wrong. You say : i'll be adored. I get bored. I get stunned. You need a special gun. Special gun when the time has come to choose. Special gun for the things you have to prove. Special gun. Bang bang. Special gun. I'm your special gun. Use me while you can. I'm your special gun. Bang bang.

Dan

I've got a friend. His name is Dan. Feet on the floor. Always next door. He's waiting for something to happen. He's waiting for something to share. So come on outside. You've nothing to hide. Live on the road. Smile like a goat. He's looking for someone to hang on. He's looking for someone to join. Dan. My friend. He's looking for something to happen. He's looking for something to wake. Dan. My friend.

Get drunk

All i wanna do is get drunk. I prefer the punk to the funk. Losing my time in a bar. That's not the way to be a star. But i don't care. I'm unaware when i get drunk. All i wanna do is get drunk. So great to feel free and go mad. Cynical smile on my face. That's not the way to be embraced. But i don't care. I'm not to share when i get drunk. I wanna get drunk. I love to get drunk. Come on and get ... I'm really fucked. I'm too drunk. Nothing can stop me now. Can't remember what i've done. That's not the way to be someone. But i don't care. I'm not the same when i'm too drunk. I'm really too drunk. I try to stay dumb. Get out or get ... Touch. I need someone to touch. It's time for you to rush. You'd better run. You'd better run before i get drunk.

Paper tigers

Paper tigers all around in our lives. Am i right. Paper tigers from the past take control and leave us dry. Paper tigers. Always on top. Such a good job. Make me laugh. Paper tigers. They don't need truth. They don't want proof. Dead end street. Ooh let us burn some. Papers tigers. Anyone can become what you are. Paper tigers. Will you please let us breathe. Shut your mouth. They really need someone to kick their ass tonight. I don't want to be the last to have the right to fight. Let us burn some. So come on. Come on. Come on. I'm really sorry if you thought that you were right. It's time for you to understand you're not my type. You really need someone to kick your ass tonight. I won't be last to beak your bones and hold you tight. Let us burn some. So come on. Come on. Come on.

The monster =you

Today i feel that something's running through your brain. Your eyes are filled with dust. You look insane. You're out of control. You're still alone. So far from the ground. Today you're a prey for any sorrow any pain. A pain that rushes and crushes and breaks you down. You don't wanna go. You don't wanna know. Stay far from the blow. But now i'm here so close to say what everyone can see. What everyone can guess cause you're a mess. Someone who cheats. Who tricks. You're never clear. No you're never clean. I'm really pleased to say to you. I'm really pleased to say those things to you. The monster = you.

Slow

Early in the morning. I'm wandering the streets. I just cannot stop walking. The pavement feel so deep. I see pictures on my ceiling. I'm trying not to weep. Another sunday in the morning and i cannot fall asleep. Slowdown on my knees. Slowdown i wanna breathe. Slowdown and find the way. Slowdown it's not my day. Slow motion in my life. Please take me on your side.

We would like to thank our families and friends (you know who you are) for all their love and support. So many thanks to Sergio, Stephan, Gareth and Kate, Ben and the nice fellows we met in London, Jerome and Milie, Charlotte and Marc, all the bands we met on stage and the boys from Anorak Supersport.
